DRIVING LICENSE

IT leader with 4+ years of experience in IT and a 10-year management background in sales. Combine technical expertise (infrastructure, security, 1C) with business management skills. Effectively build IT processes from scratch, optimize costs, managed teams of up to 6 people and a fleet of 300+ equipment units. Results-driven with a focus on business digitalization.

Skilled at bridging the gap between IT and business, translating technical challenges into business language and finding the right balance between technology solutions and the company's actual needs.

👛 Work Experience

All-Russian State University of Justice (Ministry of Justice of Russia)

Jan 2024 – Present

Head of IT Department

- ▶ Led a team of 4 IT specialists, set KPIs, and managed SLA compliance.
- ▶ Optimized IT budget: audited 294 equipment units, renegotiated contracts, achieving ~15% cost savings.
- ▶ Administered Active Directory, virtual and physical servers, access control systems (Rusguard), and IP telephony (Grandstream).
- ▶ Implemented and maintained 1C:University, ECM, CryptoPro, and Kontur.Extern.
- ▶ Upgraded the university website to meet Ministry of Education requirements.
- ▶ Designed network architecture (MikroTik, Ubiquiti, TP-Link) and conducted a full equipment inventory.

Self-employment (IT Consulting / QA)

Aug 2022 – Jan 2024

QA Engineer / Team Lead

- ▶ Participated in high-profile projects: testing of **Avito Travel**, **Bamleby.ru** platform, and **Rossgam** app.
- ▶ Created test documentation (checklists, test cases, bug reports).
- ▶ Worked with Jira, Postman, SQL, Git, Selenium IDE.

- Collaborated with developers throughout the software development lifecycle.

A&D RUS (Industrial & Medical Equipment)

Apr 2019 – Jun 2022

Regional Representative / QA Engineer

- Contributed to the development of **ANDconnect** mobile app (telemedicine): backend and mobile client testing.
- Managed a team of 6 sales representatives: planning, training, and payroll.
- Conducted seminars and conferences for partners.
- Acquired new clients, negotiated contracts, and closed deals.

Sales Career (from Sales Manager to Regional Representative)

2009 – 2019

Lukoil · PepsiCo · Bella TZMO Group

Over 10 years, developed strong competencies in:

- Negotiations and closing major contracts;
- Team management and staff motivation;
- Budgeting and sales planning;
- Building long-term partnerships.

Education

2023 **GeekBrains** — Software Development, QA Engineer

2022 **National Research Tomsk State University** — Computer Science, Software Tester

2009 **International Market Institute** — Organization Management

2005 **Togliatti Technical College** — Information Technology
